**Re: Molded Fiber Glass Companies
General Notice of Potential Liability
The Chemical Recovery Systems Site, Elyria, Ohio**

Dear Ms. Sheppard-Johnson:

This letter is in response to a notice of potential liability ("Notice") sent by the United States Environmental Protection Agency to Molded Fiber Glass, P. O. Box 2189, 213 Reep Road, Morganton, North Carolina 28680-2189 ("MFG"), dated March 2, 2001, and received by MFG on March 6, 2001. After discussing the Notice with Assistant Regional Counsel, Thomas Nash, it appears that the Notice was misdirected to MFG's North Carolina facility instead of its corporate headquarters in Ashtabula, Ohio.

Based upon the delay in receiving the Notice, on behalf of MFG, I hereby request an extension of five days from our date of receipt of the Notice, to March 21, 2001, to respond in writing regarding MFG's decision to perform or finance activities relating to the Chemical Recovery Systems Site in Elyria, Ohio. We also request a corresponding five-day extension of time for MFG to respond to the EPA's information request, to April 11, 2001.

Thank you for your consideration. I look forward to hearing from you. Please call if you have any questions.

Yours very truly,

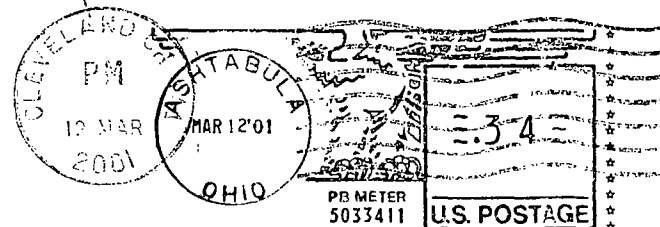

A handwritten signature in cursive script, appearing to read "Stuart W. Cordell".

Stuart W. Cordell
